

HIGH VOLUME COOLER H20-2500

This is Aqua Chill's newest commercial grade high volume water cooler. This cooler has a 3-gallon cold reservoir with a 1.5-gallon hot tank. It has the ability to cool 3/gallons per hour and heat 2.8/gallons per hour.

It is equipped with an LED illuminated extra large dispensing gap, making it ideal for sports bottles and coffee pots. This unit is equipped with an LG compressor. It has high capacity hot & cold tanks made of surgical stainless steel. This cooler is one of Aqua Chill's best solutions for an office or warehouse with high volume water usage.
